She begins her journey through important restaurants in Buenos Aires and worldwide. She travels to Spain and collaborates with Ramón Freixa, which provides her with a special insight into Spanish cuisine. During her time in Milan, she takes part in the opening of El Porteño Milano. Upon returning to Argentina, she decides to bring her knowledge to various kitchens in the capital specializing in Spanish cuisine. In recent years, she has chosen to take on a new challenge and assumes the management of Loles Food Market.
